

BABY T PLUS/ZERO-ONE

T Technology[®] inside by Ascaso.

Multi-group technology. Full PID control. It offers a great thermal stability with a high level of energy efficiency (low energy consumption) and clean and fresh water in each coffee.

Multi-group (separate) technology with PID control High professional-grade performance: Thermal stability guaranteed. High steam production.

Clean coffee. Minimal metal migration to the beverage through the use of stainless steel. Complies with European regulation EN 16889

Freshly Delivered Water. Avoiding the use of standing, constantly reheated water to make the coffee.

Energy efficiency. We deliver a 50% average saving compared with a traditional machine and 25% compared with other multiboiler machines.

AscasoApp. Total control

BABY T PLUS

BABY T ONE - ZERO

Comparison chart	Baby T Plus	Baby T One	Baby T Zero
Power	2310W 50-60Hz	2297W 50-60Hz	
Steam pipe	Stainless steel. 360°. Anticaloric		
Filterholder	Stainless steel Ø 58 mm		
Pump/boiler pressure double gauge	●		
Coffee thermostat	Adjustable by PID		
Steam thermostat	Adjustable by PID		
Digital multifunction display	●		
Pre-infusion	100% adjustable (0,1s precision)		
Rotary pump (50l) Stainless steel	●	●	No (vibratory)
Control by App (iOS & Android)	●		
Chromed foots. Great thickness	●		
Steam boiler insulation	●		
Active cupwarmer	●		
Cup Rail	●		
Water tank (2L) and net connection	●	Only tank	Only tank
Dynamic pre-heating	●

BARCELONA

MAIN FEATURES

Multi Group technology (on/off by group). Professional Thermodynamic Groups.

Independent steam boiler. Stainless steel Aisi 316. Extremely sturdy. Large capacity.

External Pid control (+ 0,1°C) each group and steam boiler.

External timer for each group.

Digital Display in each group Multiple functions. Total control.

Thermal lagging on steam boiler and groups.

Thermal stability (+ - 0,5°C).

Dynamic preheating (coffee groups).

Energy efficient (- 50%).

High performance volumetric pump. Constant pressure even after a prolonged and simultaneous use of groups.

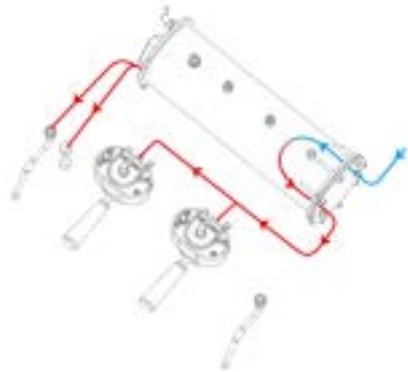

Powerful steamer (10 mm anti-lime scale tube. Stainless Steel. Cool touch).

High-precision filters in AISI 304 stainless steel.

Active cup warmer. (Plus model)

Designed for baristas: joystick steam controls, LED in work area, 5 volume selections, Pid controls...

General display (touch screen). Double dose/selection hot water. Stainless steel double walled steam wand Ø12mm. Competition shower. Silicone filterholder gasket. Coffee tamper Walnut + Stainless steel.
